1.INTRODUCTION

We are based in Johannesburg, South Africa and running processing plants in Zimbabwe & Australia since 1999 and have exported Rhodes Grass Seeds(Katambora), Alfalfa Seeds, Forage Sorghum Seeds(Sorghum Sudan hybrid-SUDEX), Rye Grass Seeds, Bermuda Grass Seeds to Gulf countries and Pakistan.

We are specialised in Tropical Grass Seeds and also have supplied related products like Inoculant for Alfalfa & Maize, Peat Moss, NPK Fertilizers, Baler Twines by the request from our clients.

We have extended our business activities to Sudan & Pakistan recently and enjoying quite good Reputation resulted by our through quality control and after sales services.

We have quite big numbers of farmers who are contracted with us to plant Rhodes Grass Seeds on long term basis and keep on challenging for new markets worldwide.

To meet with worldwide trend on coated Rhodes Grass Seeds, we have specialised on coated seeds since 5 years back which was resulted in improving quality of seeds dramatically.
